About Aziza Tamimi

- •I love doing big puzzles and doubling them as posters when I'm done because no one likes to do the same puzzle twice.
- •Psychological thriller (with a twist) is a top tier genre. Books and movies. Trying to guess the twist ending is the best part.
- •I want to write a book one day. Then make it a movie.
- •I enjoy trying on new hobbies, but I never stick with one long enough to officially call it a hobby.
